TWO CENTS

CASES FROM WASHINGTON COUNTY A FIRMED BY THE SUPREME COURT

Appellant Loses In Trying To Collect Money From Bank

WILSON CASE

The state supreme court handed down several important opinions last week a number of which passed on cases from Washington county. One of these cases was an appeal of the failure of H. Russell Myers, an attorney of the Washington county bar, who was trustee for several estates, and in which his accounts were in bad shape. This case was one in which Morris R. Weir sought to recover from the trust company \$9,000 alleged due as his share on a certain mortgage which he had purchased. The bank averred that by authority of a paper presented it by Attorney H. Russell Myers, which authorization, it was claimed, was signed by Mr. Weir, the money due on the mortgage was paid to Attorney H. Russell Myers. Mr. Weir denied his signature to the paper, by which the money was to go to Attorney Myers, but it was firmly established at the hearing, the court held, that the signature was that of Mr. Weir. There appeared to be no doubt, however, that Mr. Weir never got the money from Mr. Myers, it being lost without alleged misappropriation of funds in the hands of Attorney Myers.

Another interesting case was the estate of Wallace J. Hilton, a colored man living in Monaca, and at the time of his death a county detective, who was shot and killed in an altercation with his step-son, a son of the woman with whom he was living at the time he died. After his death another woman turned up and averred she was his legal wife. From the facts that developed the court held that the woman with whom Mr. Hilton was living at the time he died was his legal wife and heir of the deceased.

The former count was upheld by the supreme court.

Orderers from Washington, D. C. all ages at Lock No. 4, were placed at 11:30 a.m. at 12:30 a.m. today, in order to continue for a period of three days, out of respect to the memory of Col. Roosevelt, former president of the United States.

Announcement

I have resumed work of developing and printing Kodak pictures. All old customers as well as new customers will be gladly received. Mable H. Kelley, 211 McKean avenue. 178-48.

Council Holds First Session Of The Year

The first regular meeting of the borough council was held at the borough hall on Tuesday night, with the following members present, Messrs. J. M. Board, J. K. Hahn, who leaves his borough seat as a member of the borough council, George W. Moody and President H. L. Switky.

The borough committee was directed to look after claims for the borough and truck.

A communication was received from Tax Collector Fred W. Brady, with reference to duplication in the paying of taxes, a number of parties being named who had paid taxes twice. The matter will be adjusted.

The annual report of the Board of Health was presented and read and approved. Appointments made by the Board, W. A. Murphy, to succeed himself, and Dr. J. W. Hunter to succeed Dr. A. Q. Davis, as secretary of the Board, were approved by the Council.

Mr. Moody made a report on the paving on Lookout avenue between the Fourth and Fifth streets, which he said was in poor condition.

Council decided that instead of raising the curb at Seventh and Lookout, they would lower the street at that point.

The borough clerk was instructed to notify the authorities of North Charleroi borough that Mr. Rodgers, on the authority of the borough of Charleroi, there appears to have been some division of authority in our neighboring borough on this question. Mr. Rodgers having been continuing operating in that borough.

A committee from the school board was present and discussed the annual assessment with the members of council. On the new assessment will depend the tax levy for the coming year.

Reports were made by various borough officials, the treasurer reporting collections for November of \$2,078.55, which with a balance of \$7,078.55, made a total of \$9,157.10. Expenditures were \$6,770.05.

The report of Burgess Woodward showed that fines had been imposed during the month of November to the amount of \$199.00 of which \$195.00 was paid.

The report of Tax Collector Fred Brady showed collections for the month of December to the amount of \$1380.

The payroll of the borough was quite lengthy, while a number of amounts for the new municipal building were also approved.

TO GET HEARING BEFORE THEIR WIVES

Up in Uniontown the police have been given new instructions with reference to the handling of ordinary drunks. Married men with children too, will in the future be taken to their homes by the city policemen after an immediate hearing before their wives, instead of being called for a hearing the following day before the mayor of the city. Instructions issued to the city policemen direct them, when possible in making an arrest for drunkenness to take the arrested person home, if within the city limits, instead of locking them up in the police station. The order applies to married men only.

Notice to Tax Payers
All unpaid taxes for the year 1918 must be paid at once. The collector will start immediately to collect in accordance to the law. This also applies to those who may have various taxes unpaid. This is the final. Fred W. Brady, Tax Collector. 18-43

POPULAR WILBUR EMPLOYEE IS DEAD

Miss Jean Lacey, head clerk at the Hotel Wilbur, died of pneumonia at the Mercy Hospital, Pittsburgh, Tuesday night at 10:10 o'clock. Miss Lacey had been removed from the hotel Monday afternoon and taken to her home at Sheraton in the Charleroi emergency ambulance. Later much of a camp as the surroundings were somewhat disagreeable.

We landed in Liverpool, England, last January 24. Went ashore the next morning and entrained at once. Didn't get to see much of the town as we never left the docks. We stayed in an English rest camp prior to leaving for France. It was not much of a camp as the surroundings were somewhat disagreeable.

Thursday Specials.

COUNTY LEGISLATOR IS UN INFORMATION PROGRAM COMMITTEE

FOR COUNTY OFFICE

Speech H. Thompson, Rep. an avowed supporter for the election of Wills of Washington county, was a Charleroi citizen this morning. In conversation with some of his local friends Mr. Thompson said he was going to give a vigorous canvass for the office when the campaign opened, either in June or July of the present year. The contest for this as well as other county offices during the next political campaign is expected to be very interesting, as there will be a number of aspirants for every office to be filled.

TOM MANGAN WRITES INTERESTING LETTER

Sergeant I. J. Mangan of Convois Autos, S. S. U. 524, who has been in France for almost a year, writes his father as follows:

Chateau Thierry, Nov. 24, 1918—
Dear Dad:—The opportunity of telling where we have been and what we have done is at last at hand, since the censor rules have eased up somewhat, so I know of no better way than to relate a few of my experiences in your letter. This day has been set aside for Dad's letter, so I will get busy.

We landed in Liverpool, England, last January 24. Went ashore the next morning and entrained at once. Didn't get to see much of the town as we never left the docks. We stayed in an English rest camp prior to leaving for France. It was not much of a camp as the surroundings were somewhat disagreeable.

We stayed in Winchester for ten days, finally leaving for Havre, France on Feb. 4, arriving there the next day. Marched in the rain to another so-called rest camp and stayed over night. The next evening we left Havre, marching three miles in the rain and in heavy marching order. I will never forget that as I had the grip and didn't enjoy the march, arriving at the station we were loaded into the soldier's pullman car, otherwise known as a box car, where we were going. We traveled for 32 hours in this box car, sleeping and eating occasionally. The last back of the late Washington was out of luck, so he had to stand. When you once got sprawled out there was no chance of turning over or getting up, as once you got up you were up for all night. I have laughed over that trip many times. I hate Theodore Roosevelt, former President lying right over the wheels and ident and spoke of the great loss to I think we must have had a at tire the nation at this particular time. It reminded me of riding a Ford the new book for study will be reviewed at the February meeting by the President of the Association, the late. We stayed in St. Nazaire in the middle of March. We drilled every day and did everything a soldier.

Continued on Page 2.

Dr. S. Rowls, of Donora, Named By Speaker For This Assignment

SESSION ADJOURNS 10 JAN. 20

Dr. J. Add Sproul of Donora, one of Washington county's members in the Legislature, has been named as one of the legislative committee to arrange for the inauguration of Governor-elect Spraul, at Harrisburg, on Tuesday, January 21. Fifty thousand dollars was appropriated by the Legislature to take care of the expense, and Governor Brumbaugh approved it.

Both houses organized at Harrisburg on Monday, the Senate electing Senator Clarence J. Buckman of Bucks county as president protem while the House elected Robert S. Spangler of York county, as Speaker. The legislature then adjourned to meet on the night of January 20th at which time it is likely the committees to serve for the coming session will be announced.

The inaugural address of Governor Spraul is expected to outline the legislative program for the session, which it is expected will be comparatively brief. A number of important measures are to come before the legislature, one of which will deal with increased appropriations for public schools, and possibly a teachers' retirement bill. During this session action will also be taken on the proposed preliminary amendment to the Federal constitution, but just when the vote will be scheduled it is impossible at this time to say. It is likely, however, that the vote will be taken shortly after the legislature convenes on the 26th of this month. No predictions are being made as to what the results will be, although both sides are quite hopeful.

MINISTERS HAD REGULAR MEETING

The Charleroi Ministerial Association held an interesting meeting Tuesday afternoon, in the Washington Avenue Presbyterian church. The last book of the late Washington was reviewed and the work was much enjoyed. The name of the book is "The Interpreter" and this is the name of the first chapter. The ministers paid a fine tribute to the late Theodore Roosevelt, former President and spoke of the great loss to the nation at this particular time. The new book for study will be reviewed at the February meeting by the President of the Association, the late. We stayed in St. Nazaire in the middle of March. We drilled every day and did everything a soldier.

Menace TO ALL GOODS HEALTH

It is Easily Abolished
Physicians today find the worst trouble they have to combat is auto-intoxication or constipation. There is no worse enemy to good strong health and rich blood. People are fast learning that Ba-Ha-Ni is the sensible cure for constipation and leaves no after effects but regular bowels, good digestion and those are conditions which we all want. Start tonight to take one Ba-Ha-Ni with your evening meal. Say good-bye to biliousness, sick-headache and such needless sufferings! Ba-Ha-Ni acts so surely, so easily and so fast that you marvel at the healthy after-effects. For sale at Hennings Drug Store and by leading druggists everywhere.

WATERWAYS CONVENTION

The waterways convention now in session at Pittsburgh promises to have an important bearing on the construction of the proposed Lake Erie and Ohio River Ship Canal, which a great deal of preliminary work in the way of surveys has already been made. Speakers at the convention favored this important improvement, and it is likely that before the session ends actual expressions of approval will be made.

COUGH MAY CHOKE YOUR BABY

Doctors are the best help for coughing children, but what if your physician can't respond quickly in the dead of night when your baby is strangling and gasping for breath? A little KREW-PINA will quickly relieve the congestion and send baby off into sweet dreams. KREW-PINA is an ointment that is the foe to all inflammation and congestion. Not only good for baby's cough, but splendid for cuts, burns, bruises; relieves bronchitis, tonsillitis; breaks up colds in head or chest overnight, and usually removes them permanently in two applications.

One lot of hats values \$3 to \$5 for \$2. R. O. Vetter. 178-47

AFTER SUFFERING A WHOLE YEAR

Mrs. King Was Made Well by Lydia E. Pinkham's Vegetable Compound.

Iola, Kansas. "I was a constant sufferer from female trouble for about a year. I had pains in back and stomach, in fact all over me, and was all the time. A friend of mine was cured of the same trouble by Lydia E. Pinkham's Vegetable Compound. I took it and it gave me health and strength and made me a new woman of me. I cannot say enough for your Compound. It has made my health as it may be the means of helping some other suffering woman."—Mrs. IRVING KING, 12 West Campbell Street, Iola, Kansas.

The great number of unsolicited testimonials on file at the Pinkham Laboratory, many of which are from time to time published by permission, are proof of the value of Lydia E. Pinkham's Vegetable Compound, in the treatment of female ills.

Every ailing woman in the United States is cordially invited to write to the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for special advice. It is free, ready to bring you health and may save your life.

RESULT OF BALLOON TRIP

Account of Origin of First Pair of Suspenders That Reader Is Not Forced to Believe.

One day during the warm summer of last June, a balloon, an old-fashioned one of the kind that is now almost entirely obsolete, was seen floating in the sky.

By accident of the wind, it was blown over the head of a man who was sitting on a bench in a park. The man, who was a well-known figure in the community, was looking at the balloon with interest.

He was looking at it with a look of surprise, for he had never before seen a balloon of that kind. He was looking at it with a look of surprise, for he had never before seen a balloon of that kind.

He was looking at it with a look of surprise, for he had never before seen a balloon of that kind. He was looking at it with a look of surprise, for he had never before seen a balloon of that kind.

He was looking at it with a look of surprise, for he had never before seen a balloon of that kind. He was looking at it with a look of surprise, for he had never before seen a balloon of that kind.

He was looking at it with a look of surprise, for he had never before seen a balloon of that kind. He was looking at it with a look of surprise, for he had never before seen a balloon of that kind.

TEMPORARY MASK OF WISDOM

Even Most Foolish Man Has Look of Intelligence When He Is Lighting a Pipe.

Why is it that a man always looks so intelligent when he is lighting his pipe?

Probably it is because the intake of breath which is necessary to start a pipe, causes a drawing up of his features, a wrinkling of his forehead, a concentration of the eyes, and a puffing out of the mouth, all of which produce an air of wisdom and intelligence.

This mask of wisdom, which is so temporary, is so common that it has become a part of the daily life of every man who smokes a pipe.

It is a mask of wisdom, which is so temporary, is so common that it has become a part of the daily life of every man who smokes a pipe.

Peculiar Forms of Greeting.

Some of the strangest forms of greeting are prevalent in various parts of the world. In Manila it is customary for women to kiss the face of their man when he returns from a journey.

In the Philippines, two natives on meeting each other, each takes the hand of the other and rubs it with red earth, which is a sign of friendship.

In the South Sea Islands, a man who is to be honored on the shoulder, while those of the Great Cyclades, in the Aegean sea, pour water on his head.

A Laplander greets you by rubbing his nose against your forehead, while a negro of Cape Lopez will kneel down before you and clap three times with his hands.

The Japanese take of a wooden gong and the Chinese, while standing, will bow and touching his head, will greet you with his "chin-chin" etc.

Music's Vitalizing Force. Two facts are made clear about music at the moment. There is a new vitality discernible in the art itself, and there is a new and increasingly urgent need for it.

When a nation does no more than rise and stretch itself, an increased circulation may be felt. The music of this stage may be no more than a yawn of gigantic being.

For when the mind of the nation realizes that a huge task is thrust upon it, the energizing processes are apparent in every vital department.

These processes music shares to a pre-eminent degree because of its communicative nature. It is not only vital in itself; it is actually a vitalizing force.

And the simple truth seems to be that an awakened nation will always choose to sing at its work and will be the happier and more efficient for it.—London Times.

Communitarian Birds. Among birds there seems to be an understanding of community life and solidarity. They stick together in their pleasures and in their journeys and in their troubles.

This is especially true of the sea birds. They always respond to the cry of distress from one of their number. If one is shot, the gulls, snipe and plovers will circle around the spot until the fear of death finally drives them away.

If a wounded snipe is found, its friends will bring it food and guard it from all enemies until it can fly again. The little wood birds are the same. They quarrel among themselves sometimes, but they always band together in case of danger.

The presence of large hawks or crows is heralded by shrill calls, and all within the danger radius get together and fight like little soldiers.

Messages Conveyed by Flags. There are certain flags flown on warships which, while in the nature of signals, refer specifically to the status of that particular ship. Thus, to mention but one, a yellow flag with a black disk (the letter D) means, among other things, when flown at the main, that the vessel is on special dispatch duty and must not be interfered with.

Furthermore, a red pennant indicates that the crew is at meals. A blue flag with a white vertical cross means that the ship's boats are to return to the ship. A white pennant with a blue cross is the church flag, the only flag ever hoisted above the national ensign.—New York Tribune.

Three Languages in Spain. Three languages are spoken in Spain, all largely based on the ancient Latin. The one generally known as Spanish and which is used throughout the greater part of South America, is the Castilian, which is spoken by more than two-thirds of the population of Spain.

It has been called "the noblest daughter of Latin." Besides its words of Latin origin, the Castilian vocabulary contains a large number of Arabic words, chiefly connected with agriculture or science; Greek words, mostly of learned and modern introduction; with traces of Basque and Gothic.

Not Taking Chances. The "thirteen" superstition exists in New York very strongly. At a dinner to which were invited 13 guests the other night, it was discovered that 13 persons were present.

The host was so disturbed over the fact that he left the table. "In tracing the origin of this superstition," he explained, "I found that the Turks have almost eliminated 'thirteen' from their vocabulary. The Italians discontinued the number in making up their lotteries and the thirteenth card in a game they play has on it the symbol of death. So they should I take any chances?"

A cool, well-poised man said that it is a joy to behold, for the reason that such a person always buys up some one's feelings. On the other hand, a strong, excitable individual is a discordant note wherever he is found, and succeeds only in making life for himself or herself a miserable affair.

Daily Thought. There is always safety in valor.—Emerson.

FOOD BOARDERS IN TROUBLE

Mr. E. Z. Ant and Mrs. Camel Called On for Explanations as to Pernicious Activity.

Mr. E. Z. Ant, a well-known citizen of this city, was called on by the board of health for an explanation of the fact that he had been found in the possession of a large quantity of food.

The board of health, which is a body of men appointed by the city council, is charged with the duty of seeing that the food supply of the city is pure and wholesome.

Protect Yourself!

Ask for and GET

Horlick's

Malted Milk

Used successfully everywhere nearly 1/2 century. Made under sanitary conditions from clean, rich milk, with extract of our specially malted grain. Instantly prepared by stirring the Food-Drink in water. Infants and Children thrive on it. Agrees with the weakest stomach of the Invalid and Aged. Invigorating as a Quick Lunch at office or table. Ask for Horlick's The Original Thus Avoiding Imitations. Substitute Cost YOU Same Price.

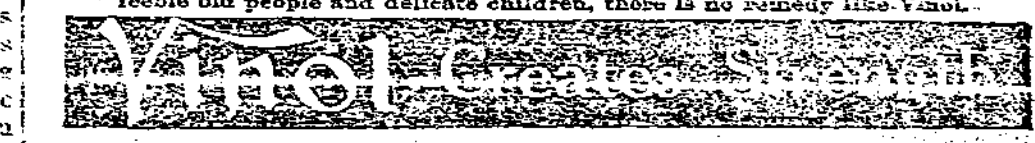

Suggestions to Women "Just Ready to Drop"

When you are "just ready to drop," when you feel so weak that you can hardly drag yourself about—and because you have not slept well, you get up as tired out next morning as when you went to bed, you need help. Vinol will help you just as it did these two women. Why not try it?

HERE IS PROOF

Pittsburgh, Pa. "I keep house for my husband and myself and I got into a weak, run-down, nervous condition and no appetite. I heard how Vinol helped others and tried it and it built me up so I am strong, have a good appetite and feel better in every way."—Mrs. James Croker.

Holmdel, N.J. "I live on a farm and am a hard working woman and for weak, run-down, nervous conditions have found nothing that will create an appetite, build me up and make me strong equal to Vinol. It helped several others in our neighborhood, too."—Mrs. Thomas Ellis.

Piper's Drug Store and Druggists Everywhere

Let no one weak for Germany. She is going to get justice, and probably more mercy than she deserves. When Germany thought she was winning the war her only thought for hostile nations was a desire to trample them under foot and to make them utterly abject. Measured by her own yardstick, Justice is more than Germany wants.

"Shall I Fix the Fire for the Night?"

"You may as well, Dick. It'll save coal and our Perfection will keep us nice and warm for the rest of the evening."

Is there any reason for any family to keep the whole house warm when only one room is in use? No, it simply wastes coal. And it's entirely unnecessary if you have a Perfection Oil Heater to make that room warm and cozy.

PERFECTION OIL HEATERS

saved coal in millions of homes last year. How they do get "all het up" the minute a match strikes! You wonder where all the heat comes from. But it does come—quickly, steadily, any time, anywhere. It's the handiest heat ever devised. And a Perfection is safe.

This is the year above all others when you should have a Perfection. You may be able "to get along" without one but you surely will have a more pleasant, comfortable winter with one. And you will save on your coal bill. For the Perfection burns kerosene, an economical fuel. Yes, and this is a point that we want to make very plain. The Perfection is a heater, not a stove. To heat a room with a Perfection is to heat it with a heater. It is so highly refined and purified that it burns without a trace of smoke or charring the wick.

Get your Perfection Oil Heater now. See the new models at your dealer's. Reasonably priced—\$5.00 to \$10.00.
